

G
Lord I confess
G7
I have no cheer
C G
This pain follows me wherever I go

Lord, I'm a mess
Though I am here
This pain follows me wherever I go

D G
Church would you sing, oh, would you sing for me

C G
We do believe that the Lord is good
Em
Though troubles may come
D
To truth let us run
G
Our God is good

Lord I lament
My life is tears
This pain follows me wherever I go

Lord I am spent
I live in fear
This pain follows me wherever I go

Church would you sing, oh, would you sing for me

D C
A broken hallelujah
Em D
is still a hallelujah

Am C
A broken hallelujah
Em D G
is still a hallelujah, hallelujah

Lord in this ache
I am aware
Your grace follows me wherever I go

I am awake
To see you there
Your grace follows me wherever I go

Church would you sing, oh, would you sing with me
